Re: California Prop 65 Response

Alro Steel purchases product from a variety of sources. As the distributor of material produced by another company, Alro is dependent upon them to certify compliance to the standards and regulations.

To the best of our knowledge, based upon information supplied by our suppliers, below is a list of metal products we have supplied to you since 01/01/18. This list identifies the chemical(s) that may be included in that product. If the product does not contain a chemical listed on the Prop 65 list it will indicate "none".

Group	EDP	Customer Part#	Description	Chemicals Possibly Added
006	'00603100	KEBBY# MAT020	5/8 RD CF C12L14	Nickel, Chromium, Lead
010	'01001690	MAT057	7/8 SQ CF C1215	Nickel, Chromium
009	00903700	MAT097	5/8 RD CF C1215	Nickel, Chromium
276	'27602900	MAT023	7/8 RD 420 STAINLESS	Nickel, Chromium, Cobalt

Alro Steel certifies that it does not add any of the banned hazardous substances as a result of any process Alro conducts subsequent to purchase from the vendor but prior to sale to you.

Alro Steel believes this information to be reliable but does not and is not able to conduct independent testing to confirm this information.

Sincerely,

**Pat Stachlewitz**
